- Behavior or activity that disrupts the tranquility of MAR is not permitted. This includes any physical or verbal act that is reasonably expected to harm, embarrass or offend others.
- No overt sexual activity. Sexual activity and/or obscene language are only permitted in your tent, camper, or room. Please mind your language in common areas as children might be present.
- Safety and good hygiene require one always have a towel or something to sit on if nude.
- Fire is a real danger so no open fires or fireworks are allowed anywhere on MAR property!
- Smoking and vaping are allowed only in designated smoking areas. See the map in the office. Dispose of extinguished butts responsibly in the trash or ash tray.
- Illegal drugs are not allowed. MAR abides by state law regarding the use of marijuana.
- Alcohol consumption is allowed in moderation but drunken or rude behavior will not be tolerated.
- Respect the right of anonymity for all. Use first names and last name initials.
- Photography is not allowed in any common area. Authorized MARTographers take pictures at events.
- Devices may be used in common areas but should not disturb others. Always hold to cover the camera.
- For safety, glass is not allowed around the pool area.

The rules are based on common sense. In general, do not do anything that may require an apology. Report any events or violations of these standards to the MAR manager or one of the Membership Committee. Your behavior will determine the length of your stay. Visiting is a privilege that may be terminated at any time.

If you have any questions, ask the office staff or a Membership Committee member, they wear a blue key and their pictures are on the bulletin board on the sauna/shower house.
